

Sanborn Entomology Club
Meeting Minutes
January 15, 2009

Next Meeting: February 5th @ 5:15 PM

Officers Present: Trisha, Anndrea, Ian, Mike

Club Business:

- Andrine is organizing a 'Bug Expo' on February 23rd to coincide with the upcoming branch meeting of ESA in Stillwater. She is in need of volunteers to help with setup, takedown and other things that come up.
- We are in the process of planning the annual Sanborn Entomology Club spring picnic. A tentative date of April 4 has been discussed but may change in the future. An idea of holding the picnic at one of the local lakes has been brought up which would allow for the normal picnic activities as well as allow people to camp overnight at the park. Input is appreciated!
- The club is again looking to have a booth at the Earth Day festivities on campus, April 22nd.
- The club is still looking for ideas for new fundraising t-shirts, so if you have any interesting ideas, bring them to the next meeting or contact Trisha Dubie.
