

Sanborn Entomology Club
Meeting Minutes
September 18, 2008

Election results from last meeting:

President – Trisha Dubie
VP – Anndrea Stacey
Treasurer – Ian Moncrief
Secretary - Mike Brown
Historian - Xandra Robideau

Fall 2008 meeting schedule:

Beginning in October, club meetings will be held on the first and third Thursdays of the month in the 3rd floor reading room, starting at 5:15 PM.

Club business:

- Dr. Greenwood is traveling to Black Mesa State Park for the Oklahoma Academy of Sciences spring field meeting, September 26-28. She will be providing transportation for interested individuals and registration and camping fees will also be paid. Dr. Greenwood needs to know about anyone interested in going by Monday, September 22. The plan is to leave Stillwater no later than 10AM Friday.
- The club is looking for ideas for a new t-shirt design to be ready to sell by ESA. We would also like to update the “Frass happens” shirt so we can put in another order.
- In order to get ready for ESA, the club has scheduled a jewelry making workshop for 1PM on October 19 in NRC 216. We have a lot of earrings to make, as we completely sold out last year. The more help the better!
- The club is tentatively planning on having tables at two upcoming events. The Audubon society is hosting Nature Day at Sanborn Lake on October 5, and Eco OSU is holding an art festival near Theta Pond on campus on October 25. If you are interested in helping out, let someone know and we can pass along the information.
- We would also like to schedule a club movie night for some time in October. October 3rd at 6PM was discussed but not finalized.
